

Your choices can make a difference to the environment. You will write a persuasive paragraph using claim, evidence, and reasoning. Use at least 3 pieces of evidence. A final handwritten copy is due at the beginning of class tomorrow.

Which kind of pencil is the least harmful for the environment; wooden pencils or mechanical pencils?

Wooden	Mechanical
<ul style="list-style-type: none"><li>- made from trees not plastic</li><li>- have to replace the whole pencil often</li><li>- Use more lead because the lead is bigger</li><li>- Wood can be replaced regrown</li><li>- Use most of the pencil with little left over</li><li>- Wood decomposes</li></ul>	<ul style="list-style-type: none"><li>- made from plastic not trees</li><li>- refill the leads</li><li>- Keep the case</li><li>- plastic is made from oil which is Not renewable</li><li>- Keep buying new lead</li><li>- Each pack has a lot of packaging</li><li>- plastic doesn't decompose easily or sometimes ever</li></ul>
